## COMMITMENT

We are committed to long term relationships with our employees, customers, and trade partners with honesty and integrity as the core values that drive our success.

## WHO WE ARE

1. A service company committed to providing excellence in each of our profit centers.
2. A team of like-minded people who believe in, respect the ability of, and support one another.
3. A company who believes each individual and their job is important; there are no second-class citizens.
4. A group who understands the benefit of an open society and that to trust and be trusted is vital.
5. A competitive and aggressive company looking for smart sustainable growth for the business and individuals who make up the business.
6. A team who understands that no one person or department is an island; we are all part of a larger group who depend on each other.
7. A company where loyalty and respect are earned, not dictated, and no one will ask for someone to do something they would not do themselves.
8. A group striving for professional excellence and willing to learn from those around us to make the whole better.
9. A team that runs to problems with creative and innovative solutions, not away from.
10. A warm, close company that adheres to the highest standard of moral and ethical behavior.

## MISSION

Provide superior service and innovative solutions to our customers by assuring quality, timeliness, and customer satisfaction that exceed expectations resulting in a successful and profitable company while encouraging personal and professional growth in our employees.

## CLIENT COMMITMENT

- Anticipate our client's needs in advance
- Always recommend that which is best for the client, even if it diminishes our revenue
- Never promise what we cannot produce
- Every client, large or small, has full access to all our expertise and capability.
